General Comments

- Emergency Generator Maintenance West Tennessee Regional Office & Community Homes Department of Intellectual and Developmental Disabilities

This is a comprehensive contract to provide labor, materials, and equipment to perform services and work as specified on the emergency generators as listed in section XVI.

Services include inspection, preventive maintenance, testing, repair, and emergency service. Repair services shall include any/all peripheral equipment that is a component of the equipment under contract. Contract specified service (planned maintenance): service provided as per predetermined specifications, e.g. inspection and preventive maintenance (see sections XII, XIII, XIV and XV). This service will have detailed written procedure in each section. The contract specified service shall be invoiced at the awarded unit price. Hourly rates and parts do not apply.

Emergency and non-emergency service shall be invoiced at the awarded hourly labor rate that applies, and parts, when applicable, at the parts cost that applies.

The Agency shall maintain control of the equipment covered by this contract, with full preoperative determining if/when the Contractor shall be called to perform work. Agency personnel will make all decisions as to whether the Agency maintenance department or the Contractor will perform a repair.

The Contractor shall install parts at the appropriate awarded hourly labor rate.

The absence of detailed specification or the omission of detailed description does not limit the quality of service rendered and shall be recognized as meaning that only the best commercial practices are to prevail and that only first quality materials and workmanship are to be used and will be acceptable. Work shall comply with all industry standards and guidelines.

All services must be performed in accordance with the contracts procedures or as detailed in the specifications. Work shall comply with all industry standards and guidelines.
